

Hour of Code

How to Get Ready for Hour of Code Using the Pencil Code Tutorial

Basic Requirements

Do you have:

- Laptops, desktop computers, or Surface2 w/keyboard or iPad2 tablets, with wifi or internet access?
- Enough computers to facilitate 2-3 kids per machine?
- Internet browsers such as Internet Explorer 10, Firefox, Chrome, or Safari?
- Access to the Pencil Code website: <http://pencilcode.net/>
(Make sure it's not blocked by a firewall.)

Pre-Prep

Getting Ready for Your *Hour of Code*

- Confirm a date, time, and location
- Register for Hour of Code: <http://csedweek.org/participate>
- Review the Pencil Code materials: <http://event.pencilcode.net/home/hoc2013/>
There are videos, lesson plans, handouts, waivers, etc.
- Print out activity handouts for all participants
- Get waivers submitted by all participants

Extras to Consider

Enhance Your *Hour of Code* Experience

- Do you have a setup for a projector with sound?
Can you get one set up to play the Pencil Code tutorials for the group?
- Will you need earphones for individuals to watch and listen to the tutorials without disturbing other participants?
- Would you prefer to use a handout, rather than the tutorial video?
Please contact the Education Foundation: <http://masstlcef.org/contacts/>

After Hour of Code

Complete Your *Hour of Code* Experience

- Submit pictures, any of your great code, and waivers using the submission form on the Pencil Code page: <http://event.pencilcode.net/home/hoc2013/feedback.html>
- After receiving your Participation Certificate from the Education Foundation, hang it where everyone can see it!
- Check out the Pencil Code website and see what others did.
- KEEP CODING!!!**

Thank you for participating in Hour of Code!
